

STAY AT HOME

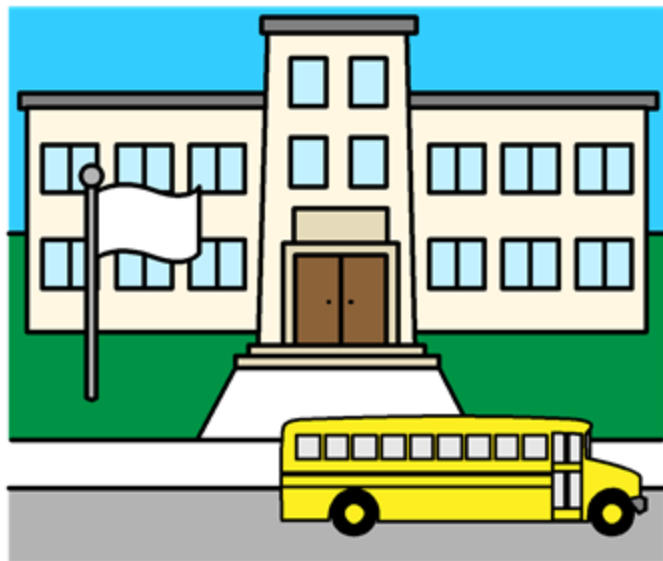

I have to stay at home.

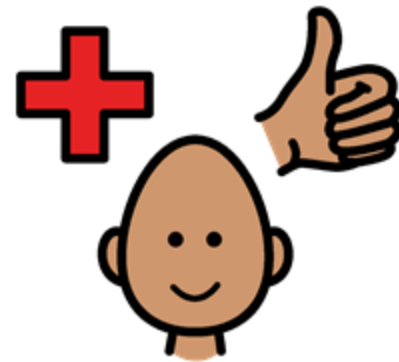

My favorite places are closed.

My school is closed.

People are getting each other sick.

People stay healthy

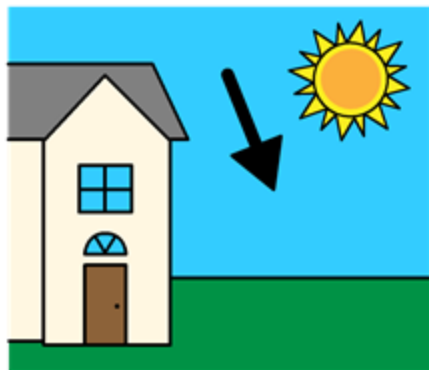

if they stay home.

Now all people need to stay home.

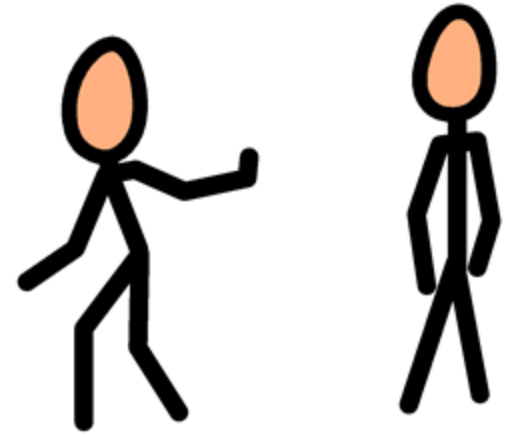

I do my school work at home.

I can still go outside

and go for walks.

I have to give other people space.

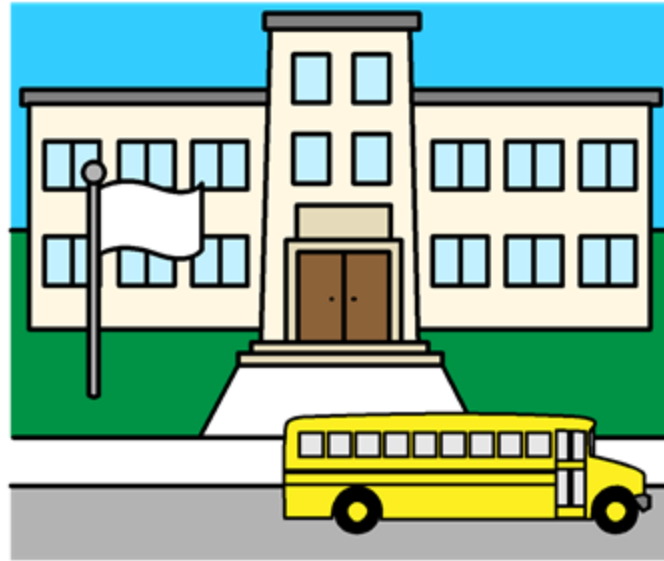

When it is safe

I can leave my home.

Everything will be open.

I will go back to school.
